

The Bell Show Society has the great pleasure of putting forward another huge horse program for our 67th Annual Show on Sat-Sun 1-2 March 2025.

On Saturday the main arena will be filled with four Stock Horse Challenge classes that will run simultaneously, with the draft phase conducted on Sunday. This event has attracted approximately \$5,000 in prizemoney.

It was only natural for the Bell Show to transition into the stock horse world as this Darling Downs area is noted for its stock horse sales and campdraft events.

Sadly, the Queensland Agricultural Show horse scene as we know it is in decline due to financial pressures and time commitments so this once great pastime cannot be sustained.

It is therefore, with regret, that the Bell Show Society will not be running any Hack and Pony classes this year.

The Bell Campdraft Committee will be conducting their Campdraft on Sunday of the show.
